## **DOWN AND OUT**

No more dreams I care to dream  
No more hope I care to see  
What this life has done for me  
Guess it's just my destiny

Oh so tired and all alone  
Got no one - no where to go  
Understanding's all I need  
Won't somebody please help me

I'm feeling down and out  
Nothing left but the time that I've been wastin  
Down and out  
Nothin left for this broken hearted sinner

Desperation eating me  
Troubled mind in agony  
Consequence of my disease  
Ridicule beyond belief

I'm feeling down and out  
Nothing left but the time I've been wastin  
Down and out  
Nothin left for this broken hearted sinner  
Tried so hard in a world that's unforgiving  
Took all I had - yea my soul and now my spirit

Oh so tired and all alone  
Got no one - no where to go  
Inspirations all I need  
Won't somebody please help me
