HERE I COME

They all say - I'm crazy
Locked behind doors - I will settle the score
I'm biding - my time yea
Till I play my hand - I will return again

They all say - I'm crazy
I will settle the score
Always wanting more
Trying - to find me
I'll return my friend - you'll hear my words again

Here I come
Stranger to no one
Lurking in the shadows
Always over you
And here I come
Stranger to no one
Lurking in the shadows
Always watching you
Here I come

My patience - and cunning
You try to over come - but you've come undone
It's over - I'm the holder
Your head is in a spin - It's time to sin again
