TELL ME A LIE

On a whiff of wind there came a tenseness in the air
When I looked into your eyes I didn't see me anywhere
Even if you've changed your mind and don't want me anymore
I'll pretend you feel the way that you always felt before
I don't want to know the truth I can't take it
Tell me a lie

When you said we need to talk I felt an emptiness inside
The emotion on my face that I knew I couldn't hide
Even if you've changed your mind and don't want me anymore
I'll pretend you feel the way that you always felt before
I don't want to know the truth I can't take it
Tell me a lie

How could you break my heart and think that you we're right
Whatever once we had you took from me that night
Even if you've changed your mind and don't want me anymore
I'll pretend you feel the way that you always felt before
I don't want to know the truth I can't take it
Tell me a lie
